Re - Departmental collection of Toll during the year 1942-43 and the continuance of the temporary Establishment thereto
===

With reference to your letter No L 12121/M1 11-41-69 dated 30th June 1942 calling for certain particulars regarding the above I have the honour to state that the Municipal Council approved of the continuance of the system during 1941-42 in their resolution No 538 dated 26th May, 1941 but on a reference to the registers of this office, it is seen that sanction of Government has not been obtained The reasons attributed for not obtaining timely sanction is on account of the frequent changes of clerks in the Council Section due to their transfer or other causes However the Establishment was continued during the year as the system of Departmental collection of toll is being worked out every year from the year 1934-35 There were no audit objections in this behalf as sanction to these temporary establishments is being obtained year by year and as this was an item of recurring charges

2 However the question of making these establishments permanent is engaging the attention of the Managing Committee on the lines of instructions contained in ~~G.O~~ No (O M) L 10398-10407/ M1 117-41-28 dated 30-4-1942

3 The details of the Establishment and the amount spent during the year 1941-42 is furnished in the margin* I request

ou kindly to obtain early orders of Government for the continuance of the Establishment till the end of June, 1943

Sir

With reference to your No L 821 C M 2/M1 11-41-76 dated 22-7-42 desiring that information may be furnished as to why the salary of the Toll Establishment of the Mysore City Municipality was being passed in audit though the establishment had not been sanctioned for 41-42, I have the honour to state that there are several temporary establishments in this Municipality which are being continued from year to year and that the bills relating to these are passed provisionally, at the request of the President, till receipt of Government sanction in the course of the year, as the charges included therein are inevitable payments This has become more or less a matter of routine every year, orders of Government sanctioning the continuance having been invariably given The audit memo, in which the bills for July 41 of seven of the temporary establishments of the Municipalit have been admitted in audit provisionally, pending sanction for 41-42, is enclosed Though by oversight the Toll Establishment has been omitted from this memo, the fact that the sanction for 41-42 was wanting in this case also, has been noted in the Fstablishment Audit Register, and it was because the fact of want of sanction was not overlooked by audit and the bills were being passed only provisionally, that sanction for the continuance of the establishment during 41-42 has now been applied for by the President, to regularise the expenditure As the President has said, sanction to these temporary establishments is being obtained year by year and this is also an item of recurring charge It is for this reason that payment was not stopped by audit,

but was being made provisionally
